EXECUTIVE SUMMARY OF EXPERIENCE & SERVICES

Major Events - Security Planning Support:

Boartes is 100% independent and has decades of experience supporting Host City Security planners and Organising Committees to develop, rehearse and implement fully integrated security overlays, procedures, technology, contingencies and operations.

Our role is often performed in the 'background' assisting the Major-Events Security Team with their massive task, from the start of 'Candidature' planning and venues design through to the implementation of safe and successful Events.

Boartes offers proven planning methodologies to assist the Host City and Organising Committee to plan with utmost confidence, ahead of schedule and with low risk.

2015 Cricket World Cup – Head of Security – David Desmarchelier:

- In 2014 & 2015, Australia's terrorism threat level was 'High' and key Match Venues were specified by terrorists as targets.
- I was responsible for developing the CWC Security plans, policies, budgets and importantly, the **Tournament Master Security Plans** and policies. This involved extensive risk management planning with national security agencies in two countries, 8 police jurisdictions and 14 Host Cities & Match Venues.
- The Tournament received excellent support from national and state agencies (police, safety, intelligence, military, borders, customs, health, etc).

Candidate / Bid City – Advice & Services:

- Candidature advice and planning for all aspects of Major-Event Security
- **Risk Assessments and mitigation strategies** (cost-effective solutions)
- Detailed analysis to determine the key information necessary for the Candidature / Bid file and presentations to the Event owners (evaluation committee). This includes initial budgets, Security / OCOG command models, staffing numbers, C3 and the most appropriate method and road-map for planning and operations.

Boartes Team Experience:

- **International Olympic Committee** – Security Advisor
 - Current: Tokyo 2020, Beijing 2022, Paris 2024, LA 2026
 - Recent: PyeongChang 2018, Rio 2016, Lillehammer 2016
- **Doha 2006** (30 month project: 20+ full-time consultants)
- **Torino 2006** (20 month contract: 2+ full-time consultants)
- **Paris 2012 Bid** (12 month contract: 3 x consultants) – **1st Place in Security Theme**
- **Athens 2004** (30 month project: 22 x full-time consultants)
- **Salt Lake City 2002** (12 month project: 10 x full-time consultants)
- **Sydney 2000** (Director of Operations + other full-time executive roles)
- **Military, Police & Counter Terrorism** (full-time Ops & executive roles)
